

# SUMMER CAMP

Hello parents I am so excited because we have just booked our spot for the annual Christ In Youth(CIY) summer camp this year! I personally have never been but some of our leaders and students have and they came back with so many amazing testimonies of all that God did in one week. I am a firm believer in christian camps because I have seen so many lives transformed in those few days away. There is just something about a bunch of students coming together worshipping and learning about Jesus. Students who were so far away from God come to him in one moment. That's all it takes!

There are only a limited amount of spots and our hope is that every student is able to attend. We do not want money to ever be a reason on why a student is not able to come so we are creating a payment plan to help ease the cost to increments instead of all at once. If this still does not work for you please let me know. I do also understand that some families are paying for 2 or even 3 students to attend so we want to make that process as easy and non stressful as possible. We highly encourage fundraisers, personal asks and websites like gofundme. Fundraising is a great way for your student to get involved by setting goals, learning responsibility and by learning the value of hard work. I can not wait to hear all the stories of fundraising this year.

## **Any questions?**
